

Position Description

Manager Parks and Facilities

Classification	Level 9
Status	Permanent full-time
Reports to	Director Infrastructure and Sustainability
Direct reports	3
Position Objective	Drives operational excellence and champions a safety- first approach across the Parks & Gardens and Building Services units.
Last Review Date	May 2025

About the Team

The Town's Infrastructure and Sustainability Directorate is dedicated to high standards of service delivery for the community. We contribute to the Town's strategic objectives through the protection, enhancement and development of the Town's assets, infrastructure and natural environment. We achieve this through a continuous improvement approach, driving a safety-first culture, and applying best practice.

HOME BY THE SWAN

Role Responsibilities

- Leads the service delivery functions of the Parks & Gardens and Building Maintenance units, under broad direction of the Director Infrastructure and Sustainability.
- Manages, develops and motivates staff, enhancing and pursuing a team culture that promotes and recognises the Town's values, dedication to individual professional development and commitment to service excellence underpinned by a safety-first approach.
- Manages the day-to-day operational and capital works delivery functions (parks and gardens and building services), ensuring operational excellence and effective contractor management.
- Contributes to the Town's asset management long term planning and development of projects and programmes of works.
- Undertakes the project / contract / financial management of operational and capital projects.
- Contributes to the delivery of the unit's performance outcomes and cultural goals through effective liaison with internal and external stakeholders and monitoring / reporting on the unit's objectives, this includes preparation of various business reports and plans (e.g. tender documents, council, executive, contract and planning documents, operational plans).
- Contribute to the Town's financial sustainability through a cost-effective approach and the preparation and maintenance of annual and long-term operating and capital budgets.
- Works closely with the Director Infrastructure and Sustainability to effectively manage contract performance, compliance, and legislative requirements to ensure safe, cost effective, and best practice service delivery.

This position is responsible for:

- Embedding a 'safety first culture' that reflects best practice and a pro-active, consultative and values-based approach to the management of safety, health, and wellbeing in the workplace.
- The implementation of work health, safety and wellbeing systems and initiatives within the Business Unit to ensure safe and healthy work sites and compliance with work health and safety legislation and the Town's WHS systems.
- Maintaining a current knowledge and understanding of work health and safety responsibilities, legislation, policies, procedures, codes of practice, guidelines, standards, and best practice within similar industries.

All workers must:

 Demonstrate a strong commitment to work health, safety, and wellbeing by taking care / action to ensure own safety and the safety of others by complying with WHS legislative requirements as well as Town of Bassendean policies, procedures, guidelines, instructions, and safety management systems.

Other Job Requirements

The Town will assess applications and suitability against the above role responsibilities, leadership capability requirements and other requirements below:

- Relevant tertiary qualification with extensive experience managing a park operational portfolio / public open space infrastructure, or equivalent extensive specialist experience.
- Experience in building repair, minor construction and maintenance, including associated building components and infrastructure.
- Current WA driver's license.
- Highly developed understanding of Workplace Health and Safety in an operational environment and management of depot sites.
- Knowledge and understanding of the principles and practices of best value service delivery and contract management.
- Knowledge and understanding of legislation as it relates to the position and functions of council
- Well-developed project management and a sound knowledge of budgeting / forecasting skills, including relevant accounting and financial procedures.
