### ABOUT MENZIES:

As one of Australia's leading medical research institutes dedicated to improving the health and wellbeing of Aboriginal and Torres Strait Islander Peoples, and a leader in global and tropical research into life-threatening illnesses, Menzies School of Health Research continues to translate its research into effective partnerships and programs in communities across Australia and the Asia-Pacific region.

### SUMMARY OF THE POSITION:

The Senior Project Coordinator has responsibility for the implementation of some of Menzies' key programs of work focused on health system strengthening, including surveillance, clinical and laboratory work areas, contributing to stakeholder engagement, financial and human resource management, activity implementation, risk management, reporting, and governance. The Senior Project Coordinator will work in close collaboration with in-country partners, primarily the Ministry of Health (MoH), and Ministry of Agriculture, Livestock, Fisheries and Forestry (MALFF), non-government partners, external funders and collaborators, Menzies Timor-Leste internal leadership and project teams, Menzies Darwin-based team members and services, and technical experts in-country and internationally.

The role will primarily be focused on the RESPOND Program – the Regional Engagement in Surveillance and response to Priority diseases, providing Opportunities for National health system strengthening and Development - funded by the Australian Government's Department of Foreign Affairs and Trading (DFAT). Also, and RESPOSTA Program – the Research Excellence and Surveillance to Promote One health Solutions for Timor-Leste and the region, and the Centre for Antimicrobial Optimisation (CAMO-Net). The Senior Project Coordinator will be responsible for overseeing the day-to-day coordination of all activities under broad direction from the RESPOND and RESPOSTA Project Manager, Menzies Timor-Leste.

### PRIMARY RESPONSIBILITIES:

The following key responsibilities are not exhaustive and may include others as directed by the Research Coordinator at Menzies School of Health Research Timor-Leste Office.

- Overall responsibility for ensuring the program of research and health system strengthening complies with in-country ethical and technical requirements.
- Demonstrate strong leadership that fosters a strong team environment and supportive workplace that brings out the best in all team members.
