

POSITION DESCRIPTION

OUTDOOR EDUCATION TEACHER

In a natural, sustainable environment, Billanook College aspires to provide an accessible, uniquely caring learning community in which students confidently create and navigate their own learning pathways. We do so with respect and appreciation of diversity, equity, justice, and our place in a changing world.

At Billanook, our staff are central to our mission. We aim to recruit and sustain a workforce focused on the shared vision of Billanook College.

POSITION OUTLINE

This fixed-term (0.6 FTE to full-time negotiable) position for the duration of the 2027 school year (18 January – 7 December 2027) requires a suitably qualified and innovative teacher who has the capacity to teach Outdoor Education from Years 9-12. The ability to teach at VCE level is essential. The teaching load for this position is negotiable, depending on the successful candidate's other teaching methods.

The Years 7 to 12 curriculum and learning framework at Billanook College is based on three distinct types of learning experiences for our students.

- The Mastery experience involves the in depth conceptual and skill-based learning that come from key learning area studies.
- The Discovery experience is about empowering students to leverage their innate and natural curiosity to learn both deeply and broadly. This opportunity is provided through activities such as inquiry-based projects.
- The Journey experience is about community and authentic learning.

At Billanook Outdoor Education subjects are offered from Year 9 to Year 12.

Outdoor Education is offered as a pathway for students to develop a deeper understanding of the natural world, themselves and their place within it. Outdoor Education fosters personal growth, resilience and environmental awareness through experiential learning in a range of natural settings. Students engage in practical experiences, adventure-based activities and the study of environmental, cultural and sustainability issues. Through exploration, reflection and connection with nature, students develop leadership, teamwork, problem-solving skills and a sense of responsibility for both themselves and the environment. Outdoor Education should be challenging, rewarding and enriching, empowering students to become confident, capable and informed participants in an ever-changing world.
