

Do you want to work more closely with families in your community?

As a partner of the NDIA, Northcott delivers the NDIS Early Childhood Early Intervention (ECEI) approach in Western Sydney.

We are seeking Aboriginal and Torres Strait Islander applicants to join our team of ECEI coordinators that support children with disability and developmental delay and their families to access the best supports for their improved independence, social participation and quality of life.

You will develop relationships with the local families and the community and ultimately lead this initiative into improving outcomes for Aboriginal and Torres Strait Island children with developmental delay.

For more details and to apply, visit: www.northcott.com.au or phone Mitchell Jeffs on 9890 0513

Applications close 29 July 2019.

Essential pre-employment checks will be conducted.

Ideally, you will have experience providing family support and/or family therapy to Aboriginal and Torres Strait Islander families and experience supporting and implementing early childhood intervention strategies.

People of all abilities are encouraged to apply including those with a lived experience or knowledge of disability.

Delivering the NDIS in your community
