Purpose

The purpose of this position to work collaboratively with services to undertake comprehensive assessments to develop, implement, monitor and review client plans that enable children and young people to achieve their developmental milestones, and to educate and engage parents, carers and other stakeholders to facilitate normal development, through professional physiotherapy support.

Focus

To achieve this purpose, the position holder would typically

- Work with a range of designated clients utilising a referral based service model. Physiotherapists may work with individuals, or multiple stakeholders relating to the individual and/or family and may be required to carry a caseload of designated clients, depending on the service type.
- Coordinate the delivery of physiotherapy services to assess, diagnose and treat children and young people with development challenges.
- Conduct assessments and work with Practitioners and clients to contribute to the development, implementation, monitoring and review of the client plan, as appropriate to the circumstances.
- Conduct home visits and visits to schools.
- Refer to and liaise with other medical and allied health professionals as required.
- Act as a subject matter expert in the areas of child development and physiotherapy.
- Coach, advise and provide on the job support to team members and carers to improve their skills and knowledge in the areas of developmental milestones development and evidence based interventions and practice to improve client outcomes.
- Plan, develop and facilitate or co-facilitate therapeutic groups and workshops for clients and other stakeholders internal and external to the organisation relating to specialisation.
- Attend review meetings, case conferences, and other meetings and ensure appropriate documentation is kept.
- Work with the Practice Leader and Senior Practitioners to build capability across the team.
- Advise the Manager of any significant changes or concerns regarding the client, their home environment, wellbeing, their services, or other risks, as soon as possible.
- Make child protection reports to the community services helpline when assessed as necessary, in consultation with the Team Leader or Manager.
- Document and create reports on client services using technology and paper based systems in a clear, logical, understandable and timely way.
