

Success Profile Community Nurse - Cardiac Rehabilitation

Team Allied Health Services

Supporting Senior Manager Allied Health Services

You will make a difference by

- Provide direct service to cardiac clients and their families, including health education, presentations and therapeutic management.
- Collaboration with other Allied Health team members to develop, implement and evaluate primary care programs and services in accordance with organisational priorities and expectations.
- Working closely with referrers and GPs to ensure coordinated service delivery for clients.
- Participate in program and service planning, quality improvement and review activities as appropriate .
- Supporting student placements as required

To succeed, you will need

- Registration with Nursing and Midwifery Board of Australia via AHPRA
- Two or more years clinical experience including cardiac nursing care
- Demonstration of appropriate competencies and skills in the assessment and management of clients with cardiac conditions.
- Experience in a rehabilitation/ community setting is highly desirable
- Post graduate certificate in critical care or equivalent would be advantageous

You will improve and promote One Team IPC Health by

- acting with purpose, measuring our results, and celebrating achievements (**We make a difference**)
- going above and beyond, demonstrating understanding and respect for our communities and each other (**We are passionate**)
- learning, experimenting and innovating (**We are creative**)

We will contribute to your success by

- providing opportunities for you to share what is important to you, your wellbeing, and what you need
- aligning the contribution you make to IPC Health's strategy
- guiding you in what to do, when and how to do it
- developing your skills with regular feedback and exploring career opportunities
- ensuring you feel fulfilled at the end of each work day
- being committed to maintaining a barrier-free environment for all and welcoming individuals of diverse backgrounds, including but not limited to, those from the Aboriginal and Torres Strait Islander, Culturally and Linguistically Diverse and the LGBTI communities

Key Deliverables and Measures

- Running client groups, providing intervention and support as a part of a multidisciplinary team
- Contribution to planning and development of the Cardiac Rehabilitation team.
- Promote how IPC Health makes a difference. Celebrate achievements, and share learnings for continuous improvement, collaboration, and impact
- The role, specific tasks and responsibilities may alter over time to meet the changing needs clients and the organisation.

Key Relationships

- The role will work closely with the current cardiac rehab coordinator, cardiac rehab team and other allied health team members
- Reports to the Physiotherapy, Cardiac Rehab and Exercise Physiology Team Leader and the Senior Manager Allied Health Services.
- A valued member of the Allied Health clinical team.
- Broader Allied health team
- Builds relationships throughout the organisation as well as with all levels of supporters, partners, and funders

MINDFULNESS

IMPACT

INNOVATION

DIVERSITY

At IPC Health, we believe that strong leadership is a state of MIND. We are all leaders.

MIND ipcHealth
leadership

Mindfulness

in leadership is represented by the focus and presence of mind to act with integrity, grit, resilience, adaptability and kindness — even in challenging circumstances.

Impact

in leadership is a mindset that compels you to seize opportunities, to act with self assurance, to inspire action, and to empower others through active listening and communication.

Innovation

in leadership is a growth and learning mindset that thrives in ambiguity, senses change, fosters deep curiosity and enables experimentation and creativity to thrive.

Diversity

in leadership is a mindset that enables the awareness, empathy, collaboration and diplomacy to communicate, engage and work with anyone.
