

The purpose of this position

The **purpose** of this position is to undertake comprehensive assessments to develop, implement, monitor and review client plans that enable children and adults with disability to achieve their goals.

About the position

- This position is part of is within Disability Services directorate.
- This position **reports to** the Team Leader.
- The position is designated Band 7 under the ***Schedule of Authorities and Delegations***.
- The position is a: Budget holder Has designated revenue or billing targets.
- This position maybe advertised externally as Occupational Therapist

Key areas of responsibility

To achieve this purpose, the position holder would typically

- Work with a range of designated clients utilising a referral based service model. Occupational therapists may work with individuals or multiple stakeholders relating to the client and/or family and may be required to carry a caseload of designated clients, depending on the service type.
- Providing evidence based interventions in addition to completing assessments .
- Working collaboratively with other disciplines and members of the team for a more holistic approach to our service delivery as required.
- Coordinate the delivery of occupational therapy services to assess, diagnose and treat clients with development challenges.
- Conduct assessments and work with Practitioners and clients to contribute to the development, implementation, monitoring, and review of the client plan, as appropriate to the circumstances.
- Conduct home visits and visits to the community as required.
- Refer to and liaise with other medical and allied health professionals as required.
- Coach, advise and provide on the job support to team members and carers to improve their skills and knowledge in the areas of developmental milestones and evidence based interventions and practice to improve client outcomes.
- Plan, develop and facilitate or co-facilitate therapeutic groups and workshops for clients and other stakeholders internal and external to the organisation relating to specialisation.
- Attend review meetings, case conferences, and other meetings and ensure appropriate documentation is kept.
- Work with the Team Leader and other Occupational Therapists to build capability across the team.
- Advise the Team Leader of any significant changes or concerns regarding the client, their home environment, wellbeing, their services, or other risks.

- Make child protection reports to the community services helpline when assessed as necessary, in consultation with the Team Leader or Manager.
- Document and create reports on client services using technology and paper based systems in a clear, logical, understandable, and timely way.
- This position operates within the context of a billable hours' framework within the NDIS.
- There is a requirement for mobile working in this position as per client need and the operation of The Benevolent Society.
- Work in accordance with the Professional Governance Framework to ensure the services and support we provide to our clients and each other are person centred, connected, effective, and safe.

This position may be offered as a specialisation: For example, Senior Occupational Therapist.

Where the role is offered as a specialisation the position holder would typically:

- Support clients with more complex needs.
- Coach, advise and provide on the job support to other team members to enhance quality and culturally appropriate occupational therapy interventions.
- Promote evidence based occupational therapy practice and provide coaching, mentoring and supervision to other occupational therapy staff.
- Work in collaboration with other Senior Clinicians to monitor, develop and improve clinical service provision.

Key outcomes

When things are going well, we would expect to see these outcomes:

- The way we work with clients is effective and appropriate support interventions are identified
- Disability service staff and families feel supported when working with clients with complex needs
- Processes and frameworks are well understood within the team
- Occupational Therapy support services are timely and effective
